About MyInvites.com.au

Every month myinvites.com.au inspires over 80,000 Australians with great ways to celebrate and clever tools to make getting together easier. The significant growth of the site since launch in late 2007 has been attributed to the fact that it is a stylish, time and cost effective option for social butterflies to plan and host their events. With predictions that 2010 will be all about smarter consumption, it is expected the popularity of the site will continue to grow as consumers shed some of the excesses often associated with social events in favour of smarter, less wasteful options.
